Docket No.: 373722002600

REMARKS

The Interview Summary mailed Feb. 7, 2005 states that Applicant's written reply to the last Office Action must include the substance of the interview. Applicant's representative recalls speaking with the examiner only about the examiner's proposed amendments to the specification involving the related applications section, which Applicant's representative authorized. If the Interview Summary referred to a different interview with the examiner, Applicant's representative requests further details from the Examiner so that Applicant's representative can investigate further.

In the event the U.S. Patent and Trademark office determines that an extension ~~and/or~~ other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket No. 373722002600. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
